As decided at the meeting held in 2016 if the weather is inclement then teams should travel and a decision on play made 1 hour after the scheduled start of play. However, the law of common sense should also prevail in the case of obvious wash outs. If, due to adverse weather or green closure, no play is possible then all points and prize money will be shared between the Clubs involved. The match will not be re-scheduled. Please use the Heat Policy as circulated by Bowls Queensland.

If play is interrupted and not completed within 3 hours and 30 minutes then the following conditions apply.
